

## **PHONEY**

Pretty funny; didn't fall for the trap; she called me a "phoney."  
Died hair; coloured lenses; sad person schemed to make me feel "alone."  
One more coward; destined to live live in a hole in the "wall."

I'm a dog person; she's a cat person; her lies start @ "midnight."  
I dig reality; Her realities are lies; pathetic her, always afraid to wage a "fight."  
Such a coward; can't even make a phone "call."

Naw; I thought her deserved fate was to be "alone."  
Betrayed your man; other men smell it; no one wants to enter your "zone."  
Men are stupid; yet even the deaf, dumb and blind see your home is in a "mall."

Your're waiting for me to attack? Why would I waste my "time?"  
Your're lies will bring you down; Beyond your superficial beauty your soul is "slime."  
Others see you for what you are; even a coward knows her personality is too "small!"
